Apprentice rate £7.55 per hour	Apprentice rate will increase to £8 per hour

Year 10 & 12 Work Experience

Year 10 & 12 Work Experience

Things to consider this year:

1. Which route into work am I taking?
2. Which elements of the working world do I relish, or struggle with?
3. UCAS applications.

Year 10 & 12 Work Experience

Forename	Surname	Form	Gender	121 Time	Reason	Rescheduled 121 time	1-2-1 Occured/notes	WEX Ideas
Temidayo	Adegbaju	12SPI	Male

Organisation Name	
Organisation Address	
Address of Placement (if different from above)	
Placement Contact Name	
Placement Contact Telephone	
Placement Contact Email	
Name(s) of Student(s) to whom this declaration applies	
Summary of the work the student(s) will be undertaking	

Year 10 & 12 Work Experience

Final note:

You will be emailed the form again later today.

I will be in the atrium office at break and lunch today.

Remember: call in the first instance and share the workload.

Work Experience

Nearly 1/2 of you have secured places.

If we **haven't had a 121 yet**, don't worry. We can use that time to discuss your career ambitions and help you.

Forms have been emailed out to you and Guardians.

REMEMBER: To best prepare for your career: learn to communicate your skills (including on your CV or applications)

University Choices

Most of you have received decisions.

Please email me if you need help contacting admissions departments.

Once you have all **five** decisions, you can then select your **firm** and **insurance** offers.

Y10 + Y12: You will all be using the UCAS process to ensure you keep those options **open**.

Meetings and Emails

Ensure you attend any meetings with Ms Edwards (Thursdays) or myself

Please continue to check your emails, as I email out opportunities, guidance, and labour market information every week.

FOCUS ON LONDON

LABOUR MARKET

Understanding the labour market

The **labour market** is a phrase that describes:

- how many jobs are available
- how many people want them
- which skills employers are looking for

Important things to know about the labour market:

It is changing all the time

Some jobs will decline or disappear, whilst other new roles will appear and evolve

It is important to consider which sectors and job roles are going to increase. The government calls these

growth sectors

Can you think of a job that was common in the past but has declined or disappeared now?

Why is understanding the labour market important?

Looking at the labour market and growth sectors in our region is important so you can:

- See where future jobs will be
- Understand the skills local employers want
- Find study and work options you can get to
- Make informed decisions about your next steps (including which subjects you choose)
- Feel more confident about your future
- Understand how your local area works

What are the growth sectors nationally?

Government data* shows that the biggest growth sectors **nationally** over the next 10 years will be:

INFORMATION
TECHNOLOGY

EDUCATION

HEALTH &
SOCIAL WORK

PROFESSIONAL
SERVICES

*Labour market and skills projections: 2020 to 2035

**What are the
growth
sectors
in our
region?**

Government data* shows that the biggest growth sectors in **London** over the next 10 years will be:

**ACCOMMODATION
& FOOD**

**HEALTH &
SOCIAL WORK**

**PROFESSIONAL
SERVICES**

**SUPPORT
SERVICES**

**WHOLESALE &
RETAIL TRADE**

*Labour market and skills projections: 2020 to 2035
