

1<sup>st</sup> December 2025

## Careers at Sedgehill Academy

Dear Parents & Carers of Y11,

Please see below for a fantastic Higher Education opportunity for students in your child's year group at Kingston University. You can access the application portal [here](#).

Students are always welcome to speak with me in **D012** regarding their careers.

**Learn more about what it's like to study a STEM subject at university through hands on biology, chemistry and engineering practicals.**

### What is involved?

- A taster of what it's like to study a STEM subject at university.
- The chance to **experience a range of different STEM subjects** and hopefully help you decide if STEM is for you.
- Kingston University has **state-of-the-art facilities in a wide range of STEM subjects**, including the chemical and pharmaceutical sciences, biosciences, engineering and computing.
- The days will be packed with **exciting activities**, and you will get a good idea of what is involved in studying the different STEM courses.

### Dates

29 June- 2 July 2026, 10am – 4pm each day

### Cost/funding

This course is **fully funded**.

### How to apply/find out more

To apply, please visit our website [here](#) or **scan the QR code!**

Yours sincerely,

**Mr Stuchfield**  
Associate Assistant Principal
