Careers at Sedgehill Academy

Work Experience

Dear Guardians of Y12 Students,

Many of our Y12 students have now sourced exciting and ambitious work experience placements.

Unfortunately, a number of students are still without work experience placements.

In my conversations with students, it is also clear that some have not contacted a single business yet.

We are now only a few weeks away from the work experience week (22nd – 26th June). If students do not source a placement, then they will be in careers sessions with me and other staff members during that week. It is mandatory that they attend for that week.

Work Experience is one of the most impressive and important events students can include on university, college, or work applications; it is always a brilliant experience for our young people.

If you anticipate there being an issue with a placement being sourced, please email me as a matter of urgency.

I refer you to my previous communications for advice from myself and a consultant.

Students are always welcome to speak with me in the atrium careers office.

Yours sincerely,

Mr Stuchfield

Associate Assistant Principal
