Careers at Sedgehill Academy

Dear Parents & Carers of Students in Y10,

We are thrilled to be launching this year's Construction Youth Trust programme with Year 10 students.

You are receiving this letter because you and/or your child expressed an interest in attending these sessions. Attendance will be monitored and is **compulsory**.

The Trust are a fantastic organisation with links to a wide variety of employers in the construction industry, from law firms to tradespeople.

The sessions will be held in the library at 3.05pm on the:

15th January
12th February
12th March
16th April

For those who truly engage with and enjoy the programme, there is the opportunity for sessions to continue into the first half of Year 11, and to include site visits and an entire week of work experience in the construction industry between the 22nd and the 26th June.

Students are always welcome to speak to me in **D012** or the **Atrium Careers Office** to discuss their career plans.

Yours sincerely,

Mr Stuchfield

Associate Assistant Principal
