

6<sup>th</sup> January 2026

## Careers at Sedgehill Academy

### Different Routes into Work

Dear Parents & Carers of Students in Y11,

A very happy new year.

### Applying to Sixth Forms and Colleges

Many students have now completed applications to sixth forms and colleges. We are encouraging students to put their head of year, Ms Hird, as their referee. The references require us to check the students' predicted grades and enter their attendance and punctuality.

If you require any additional support with this process, please email me on my below address.

### Applying to Sedgehill Sixth Form

As part of all students' journeys, we are therefore asking all students to **apply to study at Sedgehill Sixth Form**. Not only would we love for all our students to stay, but it means they can all put what they have learned during gains week into practice.

You can apply on our [School Website](#), and all our entry requirements are clearly displayed. Please encourage your child to apply, as we will consider each application individually.

The deadline for applications is **Friday 30<sup>th</sup> January**. We have also emailed the Y11s directly, so they will be aware of the expectation.

Students are always welcome to speak to me in **D012** or the **Atrium Careers Office** to discuss their career plans.

Yours sincerely,

**Mr Stuchfield**

Associate Assistant Principal
